## ITIC PROFILE

Since 2004, ITIC Corporation has been a highly sought after IT Systems Engineering firm, serving the US Intelligence Community. As a Veteran-Owned Small Business with 100+ years of combined technical knowledge, ITIC has earned the respect and support of some of our nation's most recognizable prime contractors. Our many full time employees, who hold various clearance levels, have supported the technical and development needs of multiple ITIC customers. Our efforts range from establishing and maintaining highly available, redundant, shared application hosting environments, to process and project management, to any of our customer's tiered support needs.

ITIC provides a unique combination of support and mentoring through every step of your career. This creates a culture of learning, thereby encouraging professional growth and opportunities to become a leader. Our team proudly leads cutting-edge technologies, by supporting mission-critical systems from basic customer support to design and implementation processes. Our success is based on the technical skills, honed leadership and driven performance of our employees, which will continue to lead us to new and challenging opportunities.

*If you're looking for a career at an extraordinary company in an exciting and rewarding environment, ITIC Corporation is the place for you!*
